Privacy Policy

We are committed to safeguarding the privacy of our website visitors and app users; this policy sets out how we will treat your personal information.

Our website uses cookies. By using our website and agreeing to this policy, you consent to our use of cookies in accordance with the terms of this policy.

(1) What information do we collect?

We may collect, store and use the following kinds of personal but anonymous information:

- (a) information about your device and about your visits to and use of this website and our app (including your IP address, geographical location, browser type and version, operating system, referral source, length of visit, page views, website navigation);
- (b) information relating to any transactions carried out between you and us on or in relation to this website or app, including information relating to any purchases you make of our goods or services;
- (c) information that you provide to us for the purpose of registering with us (including submitting information to us when writing a review);
- (d) information that you provide to us for the purpose of subscribing to our website or app services, email notifications and/or newsletters;
- (e) any other information that you choose to send to us;

(2) Cookies

A cookie consists of a piece of text sent by a web server to a web browser, and stored by the browser. The information is then sent back to the server each time the browser requests a page from the server. This enables the web server to identify and track the web browser.

We may use both "session" cookies and "persistent" cookies on the website. We will use the session cookies to: keep track of you whilst you navigate the website; and to handle log ins and registrations. We will use the persistent cookies to: enable our website to recognise you when you visit.

Session cookies will be deleted from your computer when you close your browser unless a setting is activated by you on your browser that disables the option to delete cookies when the browser is closed. Persistent cookies will remain stored on your computer until deleted, or until they reach a specified expiry date.

We use Google Analytics to analyse the use of this website. Google Analytics generates statistical and other information about website use by means of cookies, which are stored on users' computers. The information generated relating to our website is used to create reports about the use of the website. Google will store this information. Google's privacy policy is available at: <http://www.google.com/privacypolicy.html>.

Our advertisers/payment services providers may also send you cookies.

Our advertising services providers may send you cookies for the purpose of enabling the service of advertisements based on your previous visits to our website.

Most browsers allow you to reject all cookies, whilst some browsers allow you to reject just third party cookies. For example, in Internet Explorer you can refuse all cookies by clicking "Tools", "Internet Options", "Privacy", and selecting "Block all cookies" using the sliding selector. Blocking all cookies will, however, have a negative

impact upon the usability of many websites, including this one.

We may use your personal information to:

- (j) deal with enquiries and complaints made by or about you relating to the website;

Where you submit personal information for publication on our website, we will publish and otherwise use that information in accordance with the licence you grant to us.

We will not without your express consent provide your personal information to any third parties for the purpose of direct marketing.

Except as provided in this privacy policy, we will not provide your information to third parties.

(5) Security of your personal information

We will take reasonable technical and organisational precautions to prevent the loss, misuse or alteration of your personal information.

We will store all the personal information you provide on our secure (password- and firewall- protected) servers. All electronic transactions you make to or receive from us will be encrypted using SSL technology.
